FAMILY SUPPORT NETWORK

Our Vision

Family Support Network will offer socialization opportunities for families along with the information, resources and support they need to make informed choices for their loved ones.

Our Mission

The mission of the Family Support Network is to link the common bond between Little Friends families and friends of children and adults with intellectual and developmental disabilities at the different stages thru life's journey.

We invite parents and caregivers to join us as we launch this new program to connect our families! The Family Support Network will meet quarterly at our Warrenville campus, and we are looking to expand and provide more programming and informational gatherings in the future.
